VENKAT SWAMY): (a) to (e) The Textile Research Associations have prepared plans for modernisation of the NTC mills, involving an investment of Rs. 2005.72 crores The modernisation plans include restructuring of 36 unviable mills into 18 viable mills. The Labour Ministry's Special Tripartile Committee on the NTC has recommended, inter-alia, that the NTC mills as well as its taken over mills can be made viable by modernisation as proposd by the Textile Research Associations, and that the surplus land and other assets of the NTC mills be mayndisposed of and the proceeds utilised by the management for modernisation, working capital, etc. The Unit Trust of India has also agreed in principle to purchase surplus land owned by the NTC in different cities in India. However, no decision has been finalised by NTC|UTI|IDBI with regard to sale|purchase of specific pieces of land. Various details of the modernisation plans, including source of funding etc. are being examined in Government and no decision has been taken so far. Since the cases of 8 out of 9 subsidiaries of the NTC have been referred to the BIFR, any final scheme that may emerge would require the approval of the BIFR.
